SINA NEAK

WEB DEVELOPER

WORK EXPERIENCES

Project: Virtual Company I (Coffee Shop)

Developer | 10 Mar 2025 - 28 Apr 2025

- Interviewed a local coffee business to gather real-world requirements
- Built a PHP-based customer management system using HTML, CSS, Bootstrap, JavaScript and MySQL, Git, Github, Jira, Figma
- Wrote modular back-end code and reviewed teammates' code for quality
- Debugged core features and optimized server-side scripts for faster response times
- Collected feedback from teachers and friends to improve functionality and UX
- Deployed the application on a live server and trained the coffee-shop team on its use

Software Deployment Project

30/Dec/2024 - 05/Jan/2025

- Installed and configured WordPress on Linux servers
- Followed deployment guides step by step
- Tested website functionality to ensure reliability
- Fixed deployment issues to maintain stability
- Automated setup tasks with shell scripts
- Documented each configuration and process for reproducibility

Javascript Project (Note-Taker App)

Team Leader | 13 Jan 2025 - 27 Jan 2025

- Led development of a JavaScript-based POS note-taking tool to track project progress
- Designed front-end interfaces with HTML, CSS, SASS, JavaScript, Bootstrap, Git, Github, Jira and Figma.
- Managed tasks in Jira and version control on GitHub
- Followed agile guidelines to organize development phases and meet deadlines.

Algorithm Project (Chatbot)

Team Leader | 18 Nov 2024 - 2 Dec 2024

- Led the creation of a chatbot using Python for a school project and use tool Github for manage code.
- Helped teammates learn Python by organizing small lessons and sharing tips.
- Wrote clear and organized code with helpful comments.
- Tested the chatbot many times, fixed bugs, and improved its performance.

HARD SKILLS

- UX & UI
- HTML
- CSS
- SASS
- PHP
- JavaScript
- Node.js
- OOP with TypeScript
- Database
- Firbase
- Vue.js
- Laravel
- Algorithm using Python
- Data Analytics with Power BI

SOFT SKILLS

- Communication
- Problem-solving
- Time management
- Teamwork
- Adaptation
- Researching
- Project management

WEBDEVELOPMENT TOOLS

- Git
- GitHub
- Jira
- Figma (Design)
- AI Tools (ChatGPT, Gemini, Claude, Grock Poe V0 etc.)
- AWS
- Netlify / Vercel
- MS Office (Word, Excel, PowerPoint)

LANGUAGES

- KHMER (Fluently)
- ENGLISH (Pre-intermediate)

Project Web Design (Library)

Team Leader | 21 Oct 2024 – 30 Nov 2024

- Led a team to design and build responsive library websites.
- Used Figma to create layouts, wireframes, and mockups.
- Built front-end pages with HTML, CSS, SASS, Git, Github, UX/UI, and Firebase, for mobile-friendly views.
- Ensured sites worked smoothly on desktops, tablets, and phones.

Technical Workshops

- Product Owner Workshop (January 18 & 25, 2025)
 - Learned role responsibilities, task prioritization, and project impact
 - Wrote user stories and used Jira for backlog management
- UX/UI Workshop (February 7 & March 14, 2025)
 - Translated project requirements into prototypes, mockups, and wireframes
 - Applied design logic through hands-on mini projects
- Project Management Workshop (February 8, 2025)
 - Understood key roles (Product Owner, Scrum Master, Development Team) and their collaboration
 - Used Jira, Git, and GitHub to practice agile workflows and define user stories

INTERESTS

- Researching new technology
- Writing code
- Reading IT books
- Joining workshop
- Designing
- Learning new languages
